

# WILDFLOWER

## MAKURU - SEASON OF FERTILITY

*Makuru is the season that brings the first heavy rains, and sees the Scarlett banksia in bloom. Fire is very important during this season, a useful resource for food preparation and production, tool and artefact production, hunting and driving game, and for warmth and signalling. Fattier red-meat animals such as the yonga (kangaroo) and weitj (emu) are hunted at this time of year.*
