The wines served at Wildflower represent a sense of place. By sharing these wines with you, we also share the stories & history of grape growers and winemakers who work tirelessly to create expressions of site and soil. These wines are true statements of the land in which they were grown and are sustainably produced, with integrity and respect.

### DJERAN – SEASON OF ADULTHOOD

The season of Djeran brings with it cooler nights, light breezes and the presence of dew on the plants in the early mornings. Traditionally this was the time of year to nourish and prepare the body for the cold of Makuru. Seafood is an important food source, along with seeds and bulbs. Banksia flowers are out in bloom giving a food source for the birds
