

WILDFLOWER

The wines served at Wildflower represent a sense of place. By sharing these wines with you, we also share the stories & history of grape growers and winemakers who work tirelessly to create expressions of site and soil. These wines are true statements of the land in which they were grown and are sustainably produced, with integrity and respect.

MAKURU – SEASON OF FERTILITY

Makuru is the season that brings the first heavy rains, and sees the Scarlett banksia in bloom. Fire is very important during this season, a useful resource for food preparation and production, tool and artefact production, hunting and driving game, and for warmth and signalling. Fattier red-meat animals such as the yonga (kangaroo) and weitj (emu) are hunted at this time of year.
